**Reference: Postponement of October 16, 2013 Technical Meeting**

Dear Mr. Howard:

On September 18, 2013, we notified you regarding our technical meeting to be held at the Northfield Mountain Visitors Center on October 16, 2013. The technical meeting is intended to discuss the effects of decommissioning the Vermont Yankee Nuclear Power Plant on your proposed aquatic studies for the relicensing of the Turners Falls and Northfield Mountain Projects. However, due to the federal government shutdown, the federal resource agencies may not be able to attend. As a result, we will postpone the technical meeting until further notice. We will provide specific details on the rescheduling of the technical meeting after the conclusion of the government shutdown.

If you have any questions regarding the postponement of the technical meeting please call Ken Hogan at: (202) 502-8434 or email him at: [Kenneth.Hogan@ferc.gov](mailto:Kenneth.Hogan@ferc.gov).

Sincerely,

Timothy J. Welch, Chief  
West Branch  
Division of Hydropower Licensing
